

## ELECTRONIC EQUIPMENT GENERAL PROPERTY COVER

LAPTOPS • PHOTOGRAPHIC • MEDICAL • SURVEY • IT EQUIPMENT •  
PHONE SYSTEMS • VETERINARY EQUIPMENT

Standalone Equipment, particularly when mobile, is often poorly catered for by regular ISR or Business Pack policies. A high excess and cover limited to premises mean that many of your clients' electronic assets are effectively uninsured or at best under-insured.

Mobile electronic equipment use is growing rapidly. Brokers increasingly view this as a special class of asset that needs to be protected by a comprehensive worldwide policy backed up by a quick claims service to get users up and running quickly in the event of a loss.

### ABOUT PROTECSURE

An underwriting agency since 1990, we have specialised in the protection of equipment against the common forms of loss, such as theft, accidental damage, fire, & loss in transit. We are backed by Chubb Insurance Co of Australia Ltd (ABN 69 003710647, Licence No. 239778). Whether it is one laptop or camera, or a multimillion dollar rollout, Protecsure has a solution.

We offer comprehensive cover and competitive rates, ease of application, online quote and bind facility, and an efficient claims payment service with 48 hour claims turnaround. Our terms are 90 days.

### ONLINE QUOTE & BIND IN 60 SECONDS

Brokers are able to access our Online Quoting Tool at [www.protecsure.com.au](http://www.protecsure.com.au) – just key in your username and password. You can obtain a quote on any electronic equipment and bind cover within 60 seconds. Protecsure will send an automatic confirming email.

### POLICY COMPARISON

Here is a comparison between Protecsure and a typical business pack policy:

FEATURES & BENEFITS	PROTECSURE POLICY	TYPICAL BUSINESS PACK	TYPICAL HOME CONTENTS
